Subject: May 27 Meeting Paving 8 Mile Road; May 28 Meeting; Zoning Proposal

Dear Ravalli County Commissioners: Greg Chilcott, Kathleen Driscoll, Carlotta Grandstaff, Jim Rokosch; Alan Thompson,

I live adjacent to 8 Mile Road on Mountain View Drive N, Florence. I am **opposed** to the developers' variance proposal and spending \$300,000. of tax paper money to pave 3.9 miles to access their subdivisions. The Planning Board recommended denial of the 2 subdivision proposals and rejection of the variance. I hope you folks do the same. These are hard economic times, and folks on fixed incomes & families can't support these projects. Our school bond issue passed so our taxes will be going up. Our homeowners association raised our dues and road fees to help pay for upkeep of our subdivision roads bordering 8 Mile Road.

I am **in favor** of keeping the Interim Zoning Program that is the subject of the May 28 meeting. A lot of hard work has gone into building a sound Zoning proposal. A majority of the valley people voted in November 2006 to implement this Program.

I hope you folks, who represent us, will do the right thing for Ravalli County.

Thank you for your consideration in these matters.

Sincerely,

Patricia (Pat) McChesney
